

2010 NetINC. Call for Papers Deadline is June 25

Abstracts for 2010 NetINC. (Innovative Nonwovens Conference) are due June 25, 2010.

Organized by the Nonwovens Engineers and Technologists (**NET**) Division of TAPPI in collaboration with the **Nonwovens Institute** at North Carolina State University, [NetINC](#). is scheduled for November 10-12, 2010 in Raleigh, N.C., USA. NetINC. is the perfect forum for a new constituency of industry and academic researchers, the professionals from the nonwovens and affiliated industries and the academic community to enable connections and synergies that support capability development and innovation for industry growth.

Organizers are looking for papers covering the following topics: Health & Well-Being, Safety & Security, Sustainability & the Environment, Energy & Infrastructure, and Emerging Technologies/Market Trends. View the [Call for Papers](#).
